THE HEALING FIELD

- Exploring Energy & Consciousness -

2016 TELLY AWARD WINNER!

PREMIERED AT THE WOODSTOCK MUSEUM FILM FESTIVAL

“Filmmaker Penny Price has brought together the great minds and healers of this era to create a masterpiece which will surely positively affect the lives and happiness of millions of people throughout the world. I also sense that the DVD disc itself carries a powerful healing field because of the images, and the work and words of the Healing Masters and enlightened pathfinders.” – Jack Lim, Qigong Grand Master

“*The Healing Field* is a deeply meaningful and informative film. This is the kind of film that needs to be seen over and over again because of the depth of the message. I especially enjoyed the ending where it calls for unity. Transforming the self, transforming the world. Thank you Penny for making this film.”- Joan Baird, LCSW-R

“This is one of the best films I have seen concerning biofield therapy and energy medicine. The simple explanations and examples are so easy to understand. The speakers are physicists and well-known experts in the science of energy medicine. This film makes real something I have long believed to be a necessary part of our Western medical practices.” – Linnie Thomas, HTCI
